We're delighted to announce the launch of the Globe Bike Scheme, which officially went live on 2nd July.

Designed to make travel around the business park and beyond easier, healthier and more sustainable, the scheme provides employees with a convenient, environmentally friendly way to get between key locations while helping to reduce carbon emissions.

With 12 bikes available from docking hubs at Globeside and BAP Pharma, the scheme is ideal for commuting, travelling between sites, attending meetings across the park or enjoying a lunchtime ride.

How it works

Employees of Globe BID member businesses can hire a bike free for up to 24 hours per rental.

Getting started is simple:

- Download the Donkey Republic app.
- Register using your work email address.
- Follow the prompts to unlock and hire a bike.

For full details and step-by-step instructions, visit globebusinesspark.co.uk/bike-share.

Looking Ahead: Our Next Sustainability Group Meeting

Following the success of our previous sessions, we're excited to be planning the next Globe & Cressex Sustainability Group Meeting this autumn.

Our expert-led meetings bring local businesses together to explore the latest sustainability challenges and opportunities, while providing a valuable chance to network with others on their own environmental journey. Previous topics have included Carbon Reduction, Net Zero, and Extended Producer Responsibility, with practical insights that businesses can put into action.

As we plan our next event, we'd love to hear from you. Is there a sustainability topic you'd like to learn more about or discuss with fellow businesses? If so, please get in touch with Beth at elizabeth.bennett@groundwork.org.uk - your suggestions will help shape the agenda.

We look forward to welcoming you to another informative and collaborative session.

Meet your Neighbours: Siyan

Siyan is a leading lighting and video, design rental and production company proudly based in Buckinghamshire for the last 25 years and have just celebrated our first year on Globe Business Park, having moved from High Wycombe last February.

Since our inception in 2001 we've worked with some of the biggest names in live music, from Amy Winehouse and Adele to Coldplay and RAYE. While we have decades of experience of concert touring and festivals, we also have experience in television, live sports, conferences, awards ceremonies and much, much more.

Through it all we've remained proudly independent, with a team big enough to deliver complex projects, but small enough to care about every single job we work on. Our extensive experience means you can count on us to deliver when it really matters, using experienced crew who understand the pressures of live entertainment.

We would be happy to work with any local businesses, whether you're putting on an outdoor summer function, an annual awards ceremony or a corporate Christmas party, we can offer lighting and video solutions to enhance your event. Please don't hesitate to get in touch to see how we can help, email:
